Sir:

This Renewed Petition is submitted in response to the Decision on Petition Under 37 CFR 1.10 dated November 17, 2003 dismissing applicant's request to correct the filing date of the above-identified application.

Resubmitted herewith are copies of applicant's original Request for Corrected Filing Date, including attachments missing from the original submission: the date-stamped postcard and Express Mail Label No. EL 827150093 US. Additionally included is a copy of the Utility Patent Application Transmittal form bearing the Express Mail number thereon.

In accordance with 37 CFR 1.10(c)(1), it is stated that the original request, filed October 30, 2003, was filed promptly, as applicants' attorney became aware that the Patent Office had accorded a filing date other than the USPS deposit date during preparation of a response to the restriction requirement which was not issued until September 26, 2003. The error in the date on the Filing Receipt had not been noticed previously.
